

Parent Community Advisory Committee Interest Form

First 5 Humboldt needs parent, caregiver, and community participation to best understand community's needs and advise the Commission on priorities! The First 5 Humboldt Commission is a group of people who govern First 5 Humboldt and make decisions around its goals and how funding is used to support the health and wellbeing of young children and their families in our county. The Commission is advised by our community committees.

The Parent Committee is composed of parents, grandparents, resource families, and other caregivers with primary care responsibilities for young children. The Committee meets four times per year, reviews current program information, and provides input to the Commission on First 5 Humboldt's work. The Commission strives to have a group of committee members who represent a variety of lived experiences.

If you are interested in participating in the Parent Committee, please provide your information below.

You can email the form to first5humboldt@co.humboldt.ca.us or drop it off at our office at 325 2nd Street, Eureka.

After we receive your form, we will contact you to chat and learn more about you, your family and your interests. Selection of committee members will be made by a subset of Commissioners from the pool of interest forms received. Selected committee members will be eligible to receive a stipend for meeting attendance, including mileage reimbursement for travel to the meetings. The Volunteer Stipend Policy can be found at [this link](#).

Name: _____ Best contact number: _____

Can we text you? If so, at what number? _____
